Dan Cupid went sleighing; Grew frozen enough, And tried to creep into Elizabeth's muff.

He argued, "Now, surely There's room for us all; Her hands are so little, And I am so small.'

But here's why he chuckled In gleeful surprise: He found two hands in it Of different size.

That's a pretty broad claim but it is entirely warranted by facts. The fabrics are the closest imitations of woolen goods we ever saw. There was a handsome wool pattern displayed in town last week at a \$1.25 a vard which we match in cotton goods, color, pattern and weave, for 25c a yard. It doesn't seem fair to copy so closely the aristocratic wools in cotton. Prices 15c to 50c.

THAT American sentiment is largely with the heroic little Japs in their apparently unequal contest with the Muscovites, was shown in a meeting in New York a few nights ago when \$5,000,000 was pledged to the plucky "Yankees of the Orient."

OF course, THE LEDGER regrets to hear that Fourth Assistant Postmaster General Bristow is sick; but the fact that the highest Court in the District of Columbia is dismissing the people he had charged with fraud as fast as the testimony is heard, is enough to sicken even a greater jayhawker than the Fleming-county-Kansas boor.

In an article on politics in Kentucky, The Lexington Herald, one of the ablest Democratic papers in the state, hits the tack on the head with a trip-hammer-

"At Frankfort, Democracy means to take by legislation offices from Republicans and give them to Democrate; and whenever a measure is proposed the question asked and answered is, how will it affect certain factions in that county or city or district."

The truth could not be more fully told in a ten-column article.

GENERAL E. C. AINSWORTH, Chief of the free and easy expectoration in the morning with Record and Pension Office of the War Department, in discussing the merits of Civil Service before the House Committee on Reform in the Civil Service, predicted that a Civil pension list for superannuated civil employes of the Government is one of the certainties of the MAYSVILLE TELEPHONE CO. future. Senator Marcus Alonzo Hanna died at 6:40 e'clock Monday evening at the family apartment, in the Arlington Hotel in Washington City, after an illness extending over nearly two months, filled with apparent recoveries, followed y relapses and finally drifting into typhoid fever, which, in his weakened condition, he was unable to withstand.

During the two days previous life had been kept in Senator Hanna's body only by the use of powerful stimulants.

Senator Hanna was born at New Lisbon, now educated in the Common Schools and Western Reserve College, and took the Degree of LL.D. at Kenyon College in 1900. On September 7th, 1864, he married Miss C. Augusta, daughter of D. P. Rhodes of Cleveland. Mr. Hanna became an employe of and later partner in the wholesale grocery house until 1867, and at the time of his death was at the head of M. A. A LETTER TO MOTHERS.

All Maysville Women Should be Interested.

Mrs. Charles Perry of Glenn Falls, N. Y. writes: "I wish I could induce every mother who has a weak, sickly child to try that delicious cod liver oil preparation, Vinol. marvellous. Her appetite has been restored and she is gaining in weight right along, the color has returned to her cheeks and she seems stronger than she has for years."

Every mother in Maysville is asked to try Vinol on our guarantee to make children robust, strong and healthy or return money if it fails. Vinol is a pure cod liver oil preparation, but without a drop of oil to upset the stomach and retard its work. It is delicious to the taste and children love it. It does not taste, nor look, or smell like a cod liver preparation-yet it is. We have never sold anything in our store qual to Vinol to create strength for old people, veak, sickly women and children. J. C. Pecor,
